REQUEST FOR CERTIFICATE OF CORRECTION PURSUANT TO
37 C.F.R. §1.322

Transmitted herewith is a Certificate of Correction for U.S. Patent No. 6,721,466 B2 issued Apr. 13, 2004. Upon reviewing the claims, the Patent Owner noted typographical errors made by the Patent and Trademark Office. These typographical errors in the claims should be corrected as follows:

At column 6, line 64, "pots" should read --ports--.

At column 7, line 21, "said second four directional coupler" should read --said second four port directional coupler--.

At column 7, line 32, "inducing strips having a spatial periodicity" should read -- inducing strips having the effect of inducing polarization coupling in said polarization conversion/electrooptic tuning waveguide sections; said stain-inducing strips having a spatial periodicity--

At column 8, line 34, "selected frequency channel coupled out of said final drop section" should read --selected frequency channel coupled into said initial add section minus light in said selected frequency channel coupled out of said final drop section;--

Since the error for which a Certificate of Correction is sought was a result of a Patent and Trademark mistake, no fee is due (35 U.S.C. §254).

Respectfully submitted,

J. NEVIN SHAFFER, JR. P.A.
